INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Board of Directors Oscar Romero House, Inc. Fall River, Massachusetts

We have reviewed the accompanying financial statements of Oscar Romero House, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2024, and the related statements of activities, statement of functional expenses and cash flows for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of Oscar Romero House Inc., and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS June 30, 2024

NOTE A - NATURE OF ORGANIZATION AND OPERATIONS

Oscar Romero House, Inc. (ORH) is a non-profit corporation organized on March 1, 2012 under the laws of Massachusetts. ORH was organized for the purpose of developing and operating a 12-unit apartment complex located at 8 Allen Street, New Bedford, MA for low-income individuals and families.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting and in accordance with the reporting principles of not-for-profit accounting as defined by the Financial Accounting Standards Board's Accounting Standards Codification (FASB ASC).

Basis of Presentation

Revenue Recognition – ORH's primary revenue stream is rent charges for residential units under leases with durations of less than one year. ORH records revenue for such leases at gross potential. The rental value of vacancies and other concessions are stated separately to present net rental income on the accrual basis. This contract requires tenants to contribute a portion of the contract rent based on formulas prescribed by NeighborWorks Housing Solutions.

Subsidy income is considered part of the lease and is not considered a contribution under ASC 958. This standard indicates that government payments to specifically identified participants are to be considered exchange transactions and potentially subject to ASC 606. ORH believes that such both rental and subsidy income streams are exempted from compliance with ASC 606 due to their inclusion under current and future lease standards. Revenue streams subject to ASC 606 include: tenant reimbursement of consumption-based costs paid by ORH on behalf of the tenant, such as utilities and other monthly fees. Additional revenue includes laundry, vending, pet and parking fees as well as damages. Such fees are ancillary to the lease process and are recognized as revenue at the point in time such fees are incurred.

Cash and Cash Equivalents

For purposes of the statement of cash flows, ORH considers all highly liquid investments with original maturities of three months or less to be cash equivalents. At June 30, 2024, ORH did not have any highly liquid investments. Cash is classified as unrestricted unless it is restricted by laws, regulations, regulatory or other agreements.

Rent Receivables

Rent receivables represent rents that are due from tenants living at ORH and rental subsidies from Housing Solutions for Southeastern, MA. A tenant receivable is considered past due if payments have not been received by ORH within 14 days. At that time, ORH issues a letter of intent to the tenant concerning past due rents. If collection does not occur after a 14-day notice is issued, eviction proceedings begin. Accounts are written off as uncollectible if no payments are received at the conclusion of those proceedings. A subsidy receivable is considered past due if payments have not been received by ORH within 30 days. At that time, ORH contacts Housing Solutions for Southeastern, MA

and attempts to collect the subsidy payments. Accounts are written off as uncollectible if no payments are received at the conclusion of these procedures.

An allowance for doubtful accounts is provided based on management's valuation of outstanding receivables at the end of the year. At June 30, 2024 no allowance was deemed necessary. ORH does not have a policy to accrue interest or to require collateral or other security to secure receivables.

Property and Equipment

Property and equipment are recorded at cost at the date of acquisition, or if donated, at fair market value at the date of donation. Capitalization is generally applied to depreciable assets whose cost is \$2,000 or more and has a useful life of greater than one year. Expenditures for normal maintenance and repairs and add to the value or extend the useful life of the related asset are capitalized. Depreciation is provided using the straight-line depreciation method over the following estimated useful lives of the below asset categories:

	<u>Y ears</u>
Building and improvements	30
Furniture and equipment	5 - 10

Management evaluates the recoverability of the investment in long-lived assets on an on-going basis and recognizes any impairments in the year of determination. Long-lived assets were tested for impairment as of June 30, 2024 and in the opinion of management, there were no impairments.

Net Assets Without Donor Restrictions

Net assets that are not subject to donor-imposed restrictions and my be expensed for any purpose in performing the primary objectives of the organizations. These net assets may be used at the discretion of Oscar Romero House's management and board of directors.

Rental Income

Rental income is recognized on the accrual basis as rents become due. The units are principally rented on short-term basis.

Revenue Recognition

Revenue Recognition – ORH's primary revenue stream is rent charges for residential units under leases with durations of less than one year. The ORH records revenue for such leases at gross potential. The rental value of vacancies and other concessions are stated separately to present net rental income on the accrual basis. This contract requires tenants to contribute a portion of the contract rent based on formulas prescribed by NeighborWorks Housing Solutions.

Subsidy income is considered part of the lease and is not considered a contribution under ASC 958. This standard indicates that government payments to specifically identified participants are to be considered exchange transactions and potentially subject to ASC 606. and future lease standards. Revenue streams subject to ASC 606 include: tenant reimbursement of consumption-based costs paid by the ORH on behalf of the tenant, such as utilities and other monthly fees. Additional revenue includes laundry, vending, pet and parking fees as well as damages. Such fees are ancillary to the lease process and are recognized as revenue at the point in time such fees are incurred.

Tax-Exempt Status

ORH is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and is not considered a private foundation. ORH is also exempt from state income taxes under Chapter 180 of the Massachusetts' General Laws. Accordingly, no provision for income taxes is reflected in the accompanying financial statements.

ORH is subject to the provisions of the Financial Accounting Standards Codification (ASC) Topic 740, *Income Taxes*, as it relates to accounting and reporting for uncertainty in income taxes. Because of ORH's general tax-exempt status, management believes ASC Topic 740 has not had, and is not anticipated to have, a material impact on ORH's financial statements. ORH's income tax returns are subject to examination by taxing authorities generally for the years ended June 30, 2021, 2022 and 2024.

Functional Allocation of Expenses

Expenditures incurred in connection with project operations and expenses for entity and mortgagor expenses have been summarized on a functional basis in the statement of activities and functional expenses. The majority of expenses are directly identified with a program or supporting services.

The financial statement reports certain categories of expenses that are attributable to one or more program or supporting service of the Organization. Therefore, these expenses require allocation on a reasonable basis and include expenses for employee payroll and related costs and are allocated based on time and effort for the specific function.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Leases

A lease is a contract that conveys the control of the right to use another entity's nonfinancial asset (the underlying asset) for a period in an exchange or exchange-like transaction. Lessees recognize an intangible right to use assets and a lease liability. These transactions are measured at the present value of payments expected to be made during the lease term. A right to use lease asset with a lease term greater than one year are recorded as intangible assets. Right to use lease assets are amortized over the contract term of the lease. Leases that do not meet the criteria are recognized as current period revenues and expenditures.
